About This Game

Cassandra Nech is one of the members in the renowned Rogue's Guild, which gathers adventurers and treasure hunters - the most skilled, the bravest, the most resourceful ever. Armed with her trusty crossbow, Antoinette, Cassandra is trying to recover the legendary Sea Tyrant's treasure, who was a long-time forgotten warlord; an easy task, to one like her. Still, things could be not that easy: it looks like someone else is looking for that treasure. Moreover, something dangerous could be hiding in those ancient caves. Something dark and... terrible!

Features

- A funny, adventurous and original story.
- Pixel graphic and retro-style gameplay.
- No pixel hunting.
- In game hints system.

If you've played ExperaGameStudio's previous adventure, this game is about as long as one "act" of it.

It's small and short adventure with a few rooms and characters that takes place right before A Tale of Chaos, it's VEEERY short, but also very cheap, so it levels out.

If you met Cassandra in A Tale of Chaos, you might want to know more about her, and if you don't mind a very short adventure game, go for it!
